Summary

As a recent college graduate from Bellevue University with a background in full-stack development, I am seeking a role as a software engineer in the tech industry. I have experience with HTML5, CSS, JavaScript, Java, Jakarta EE, Python, PHP, MySQL, and MongoDB, and I am passionate about using my skills to develop innovative software solutions. My strong analytical skills, attention to detail, and commitment to continuous learning make me an ideal candidate for a software engineering position.

Experience

Lead Installer

Arizona Furnishings

May 2017 - Present (6 years 1 month)

Executed layout and installation of office and school fixtures based on job terms and district regulations.

Utilized knowledge of carpentry and general construction to complete beautiful finish work.

Laid out materials and system components to prepare for installation.

Troubleshoot and repaired broken office furniture or installed updated ones for best-in-class service.

Operated tools, equipment, and machinery according to safety standards.

Demonstrated knowledge of local school district codes and requirements on each project.

Maintained a schedule of appointments with eye for both quality and speed of service.

Concierge

Mercedes-Benz of Arrowhead

Mar 2014 - Apr 2017 (3 years 2 months)

Facilitated customer requests by researching various vehicles and systems to help with customer questions.

Arranged for customers' transportation to and from airports, train stations, and homes.

Worked closely with customers, some VIPs or celebrities, with high respect for privacy.

Remedied issues quickly and effectively through active listening, conflict resolution, and emotional communication skills.

Contacted previous guests and potential visitors via email with information on events and dealerships to build a clientele base.

Maintained energy and enthusiasm in a fast-paced environment.

Served customers and followed outlined steps of service.

Acrobat

Papa Murphy's International

Feb 2010 - Mar 2011 (1 year 2 months)

Operated pizza oven and other kitchen equipment safely to protect team members and equipment from damage.

Prepared raw materials for cooking by cutting vegetables and preparing the dough.

Coached new workers on store policies, pizza making and dough preparation.

Shared information with customers about menu items, preparation methods, and ingredients.

Handled cash register operations by applying coupons, giving customer totals, and processing cash and credit card payments.

Monitored and maintained clean working areas and cooking surfaces.

Prepared dough from scratch using old world recipe and added toppings, cheese, and sauce for unique pies.

Sent order information to the kitchen using computer system and giving verbal instructions about customers' special requests and needs to other staff.
